

Pemeriksa/Investigator : Pahmi Firmansyah, A.Md.A
Dokter/Doctor : dr. Indah Susanti W,Sp.PK
No. Reg/Reg. No : 99973

Nama/Name : REZKY WIRAWAN
NIK/ID No. : 3671061503850002
Tanggal Lahir/DOB : 15/03/1985
Jenis Kelamin/Sex : Laki-laki/Male
Waktu Sampling/Date Collected : 07 June 2021 19:00
Waktu Periksa/Check Date : 07 June 2021 19:00
Waktu Selesai/Result Date : 08 June 2021 00:25
Alamat / Address : Puri Kartika Blok E 1/06 ,Rt 4/8 , Kel. Tajur , Kec. Ciledug ,
Kota Tangerang , Banten

Kewarganegaraan/Nationality : INDONESIA
No. Passport / Passport No :
Faskes Asal / Health Facility : Quicktest Pusat
Kota / City : South Jakarta
Instansi / Institution : KLINIK DD TANGERANG

Pemeriksaan/Test	Hasil/Result	Batas Normal / Normal Range	Metode / Method
PCR SARS-CoV-2			
2019-nCoV			
ORF 1 AB	CT 36,58	Negative (Cut off CT value 40)	RT-PCR
GEN N	CT 36,28	Negative (Cut off CT value 40)	RT-PCR
GEN E	CT 36,28	Negative (Cut off CT value 40)	RT-PCR
Interpretasi	Result RT-PCR SARS-CoV-2 : Positive		
Rekomendasi			

Disclaimer

Catatan:

- Hasil pemeriksaan dikerjakan dengan metode RT-PCR dan hanya menggambarkan kondisi saat pengambilan spesimen.
- Hasil PCR Negatif tidak selalu berarti pasien tidak terinfeksi oleh pathogen, namun hanya menunjukkan bahwa material genetik pathogen tidak ditemukan di dalam sample
- Jika hasil PCR positif atau timbul gejala klinis setelah pemeriksaan, silahkan hubungi dokter atau fasilitas kesehatan terdekat.
- Hasil PCR tidak dapat dibandingkan antar satu laboratorium dengan laboratorium lain, karena perbedaan alat dan target gen yang digunakan.
- Surat ini dikirim dan ditandatangani secara elektronik

Note :

- The above examination results were carried out using the RT-PCR method and only described then condition at the time of specimen collection
- A negative PCR result does not necessarily mean that the patien is not infected with the pathogen, but only indicates that phatogenic genetic material is not present in the sample
- If the PCR result is positive or clinical symptoms appear after the examination, please contact the doctor or the nearest health facility.
- PCR results cannot be compared between one laboratory and another, due to differences in then tools and target genes used.
- The letter is sent and signed electronically
